The Holy Month of Ramadan

Ramadan comes once a year

During this month, most Muslims around the world fast

What is the meaning of fasting?

Fasting, is to stop doing something

And in **Ramadan**, God asked Muslims to stop doing certain actions, to get used to controlling themselves and to strengthen their will power in general.

During the month of Ramadan:

We, Muslims, stop eating and drinking from dawn to dusk.

We stop all the bad habits that we do with:

Our actions

Our words

Our sight

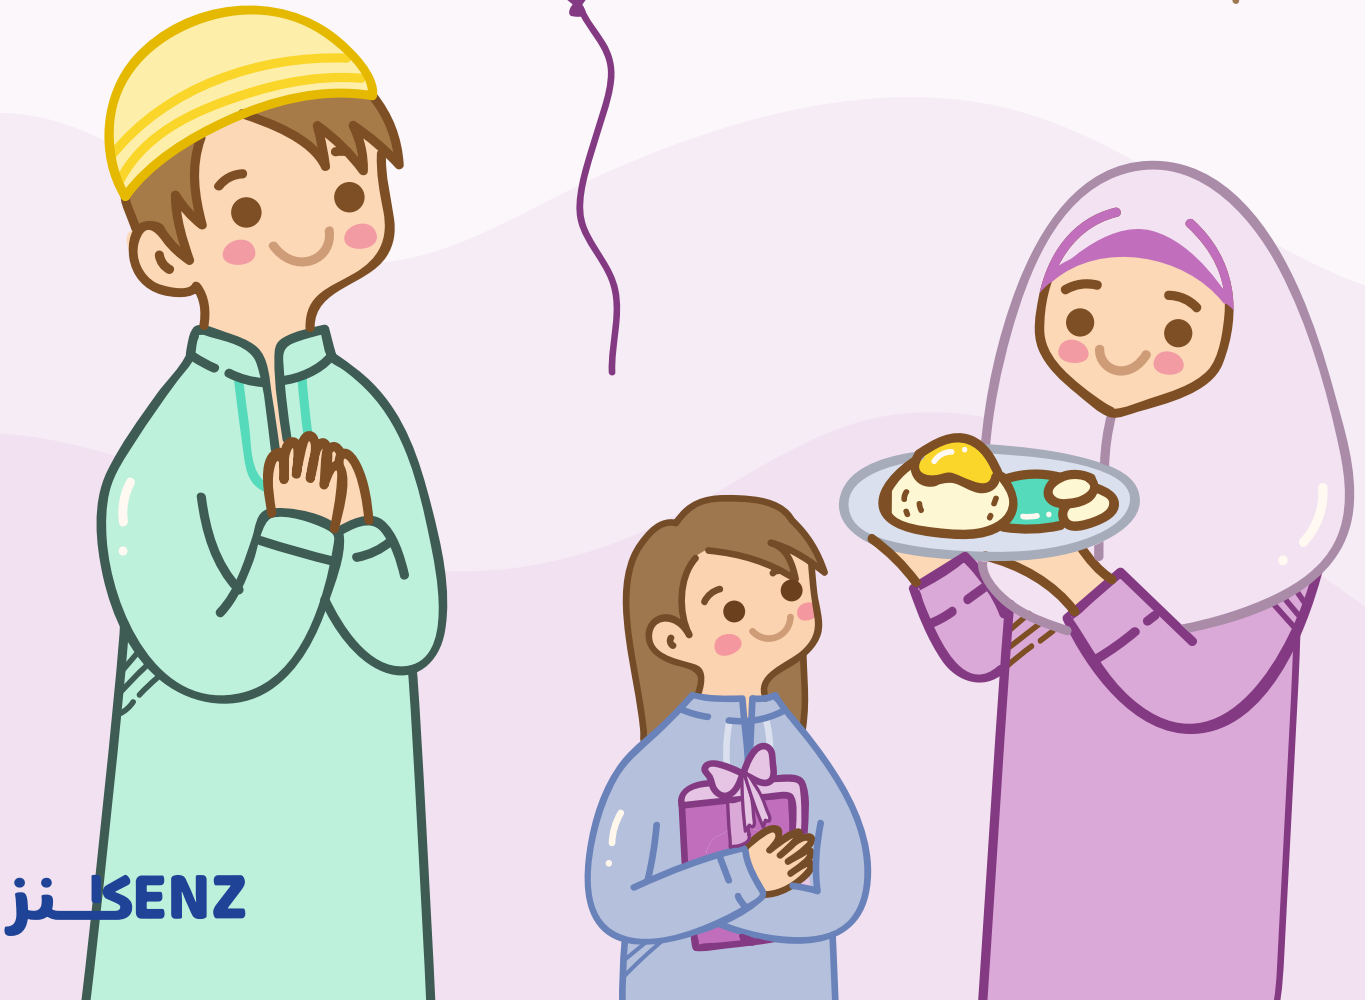

Our hearing

After the month of Ramadan:

We, Muslims, celebrate Eid Al Fitr, and we greet with:

EID MUBARAK

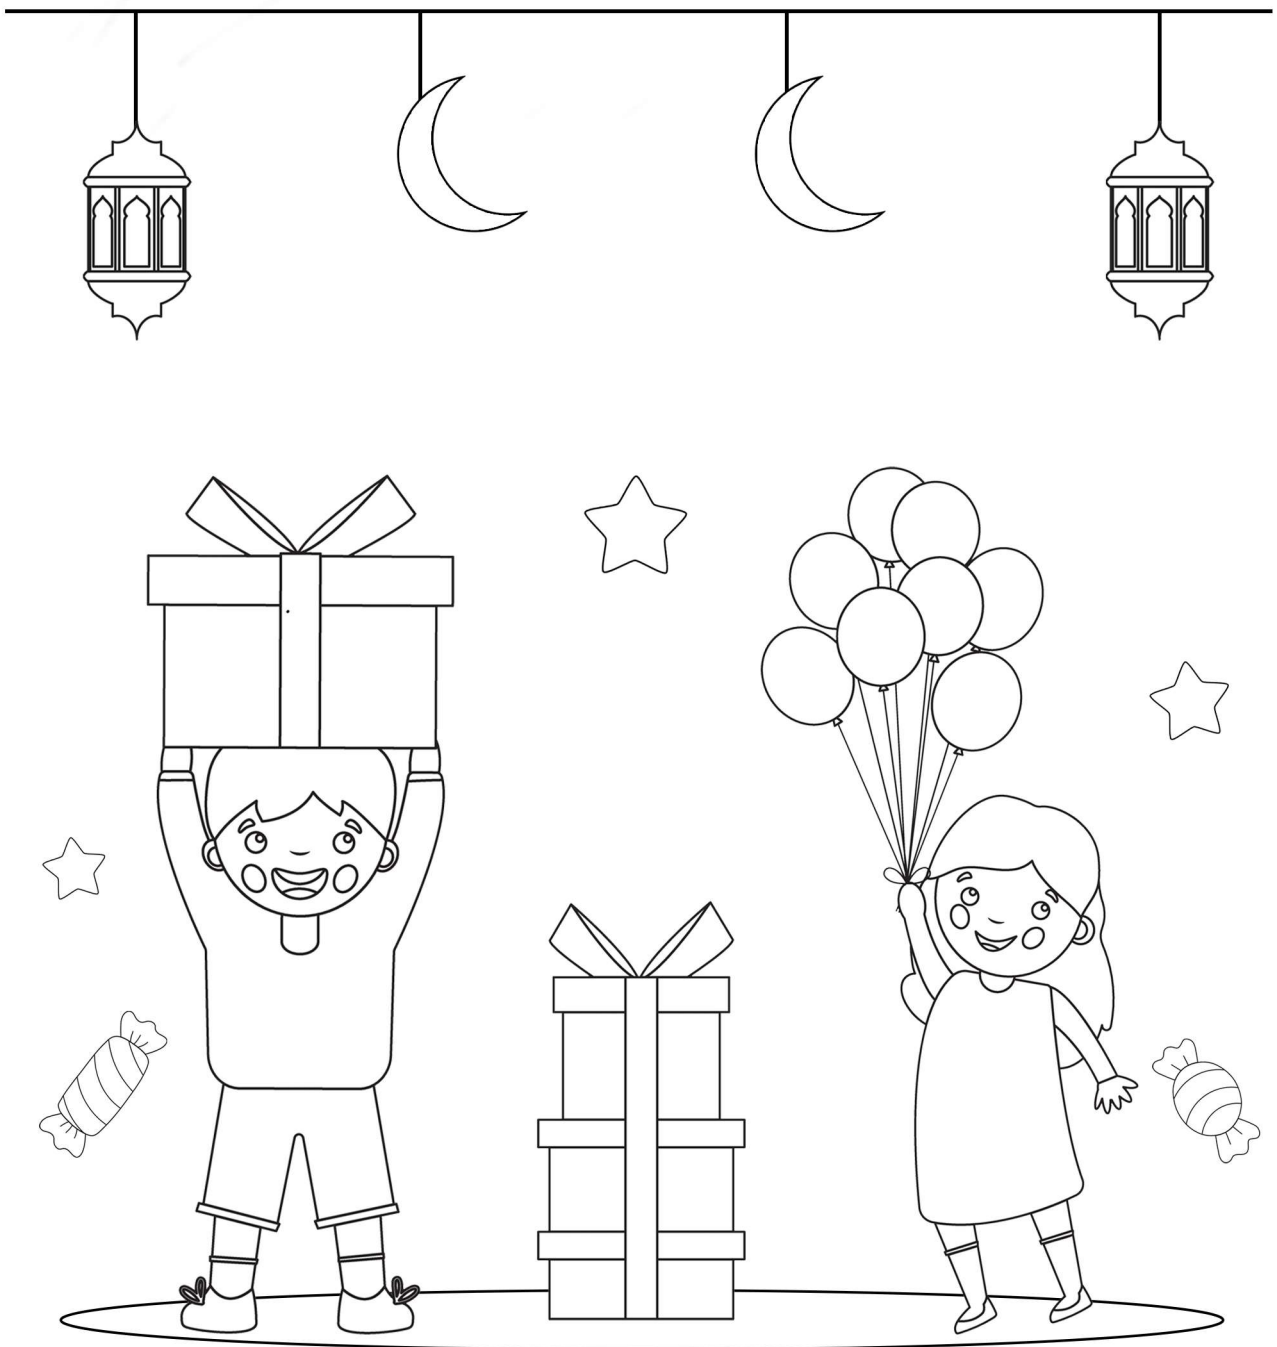

Let's color together

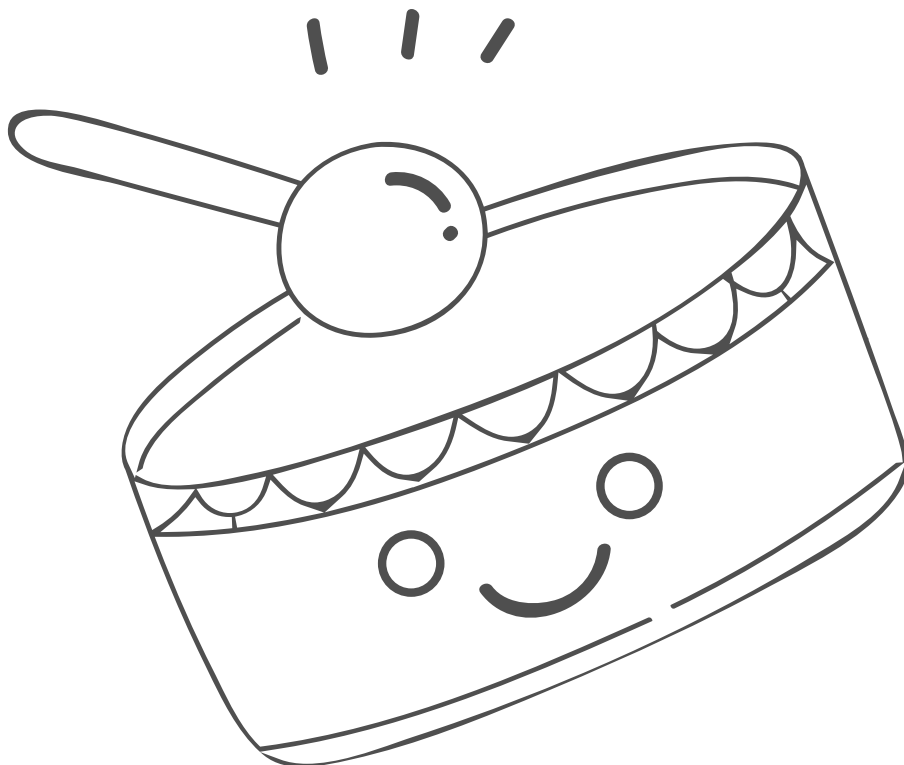

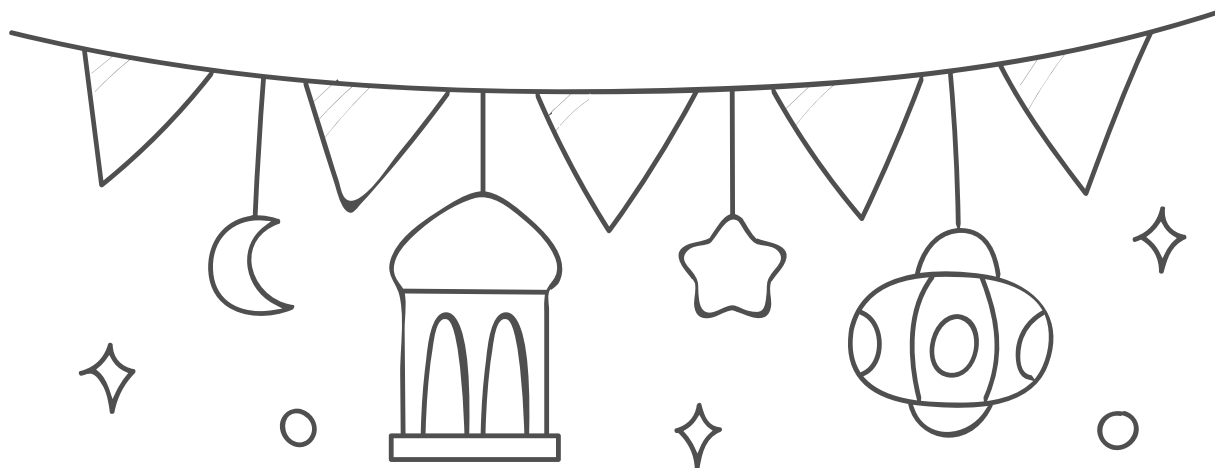

Eid Mubarak

Let's color together

Eid Mubarak
